

SnoValley Collies Puppy Questionnaire

Please complete and return to: snovalleycollies@gmail.com

Here at SnoValley Collies we raise our pups as if they will always remain with us here as one of our treasured family members. Our dogs, are our ‘furry kids’ and they spend a good deal of time with us both indoors and outdoors each day. Our lives revolve around our “furry kids” and their pups (our “grand puppies”). Socialization of our pups is extremely important to us as we find it helps to create a confident, self-assured foundation and encourages them to be motivated to please. The pups spend their first several weeks in the house in our family room/kitchen area and are held and interacted with many times throughout each day. Once they are big enough to move into their larger playpen run, we start to take them outside to their puppy yard multiple times a day. This really helps to usher along the potty training process as we find they really prefer to wait to be let outside rather than soil their wood shavings run. We fill their puppy yard with lots of interactive toys and things, including tunnels, stairs, wading pool (all sorts of fun things). We continue to hold and interact with them until they leave us to go home with their new families.

We invest our hearts in our grand puppies and our goal is to instill in them the confidence that people are wonderful and can be trusted. We feel we’ve done our job when these little ones go to you primed and ready to love and be loved by you. For that reason we feel it is very important we ensure our pups and their future families are a great fit for one another. Our intent in having you complete this questionnaire is it will assist us in matching you with your future pup or adult and help us make sure we don’t miss anything that will help you get off to the best start in your new relationship with your SnoValley Collie. Please don’t be intimidated by any of the questions; they are intended merely to assist us in helping you find the right pup. If you have any questions, please don’t hesitate to ask.

- ❖ Are you a member of the Collie Club of America?
- ❖ Are you a member of a local Specialty Club?

Our puppies will have their eyes examined at 7 weeks and will have a very thorough 8 week Well Puppy Check by our Reproductive Veterinarian who specializes in knowing the different breed issues. You will receive a copy of their eye exam in your puppy packet. We list our breeding dogs health test results at our website www.snovalleycollies.com on each of their pages.

Once we receive and review your application we will contact you for a personal interview, references and possible home-check.
